MJ31:	Unauthorized use equipment or mail	Letter mailed to inmate Melnik containing Methamphetamine	vault
MJ53:	Poss. / Sale of Intoxicants	Letter mailed to inmate Melnik containing Methamphetamine	vault

REPORT OF VIOLATION

On November 10th, 2014 at approximately 1200 hours, I Officer K. Solano member of C.E.R.T. retrieved a kite from the C.E.R.T. mail box from an anonymous source which stated that an inmate by the nickname of, "Sad Boy" housed in, "8 D" was inappropriately utilizing U.S. Postal Service system to introduce, "Methamphetamine" into High Desert State Prison. Sad Boy was later identified as inmate Melnik, John NDOC #30576 housed in protective segregation housing unit 8D.

On November 16th, 2014 inmate Melnik, John was placed on the Nevada Department of Corrections mail monitor system to further investigate this matter which was approved by Associate Warden B. Stroud.

On December 10th, 2014, at approximately 0800 hours, I Officer K. Solano assigned to the Correctional Emergency Response Team (C.E.R.T.) at High Desert State Prison opened a letter that was addressed to, "HDSP John Melnik ID 30576 PO Box 650 Indian Springs, NV 89070" from a, "Boo Saunders 3115 Haddock N. Las Vegas, NV 89030". The envelope contained a five page document labeled, "Notice of Privacy Practices for Golden Home Health Nevada". Upon further inspection of the contents, it was discovered that page three contained a pouch, taped from all sides, clearly indicating that it contained something. At this time, C.E.R.T. Officer S. Horlacher began to video tape the procedure. The pouch was then unsecured by removing the tape, which then revealed a clear plastic bag, approximately six inches in length, containing a white fine-grained powdery substance. At this time officer S. Horlacher and I conducted a Narcotics Identification System (NIK) to positively identify the powdery substance; officer Horlacher NIK certified as of April of 2012 and I as of June of 2014. I began the NIK testing process by utilizing Marquis Reagent A test pouch, which resulted positive for Amphetamines. A secondary test was also performed by using Marquis Reagent U test pouch, which resulted positive for Methamphetamine. A total of two grams was recovered. The whole process was videotaped, and photographs were also taken, all evidence was inventoried, and placed in the vault. Inmate Melnik was placed in Administrative segregation pending charges. End of Report
